OVERALL CALENDER ACTIVITY REPORT

Problem Solving of Herbal drug Identification

Title of the event: Expert talk and Guest series as a part of Ayurved day celebration along with Dravya Guna Department was organized on Session of Problem Solving for Identification and naming of Medicinal Plants by Dr Harsha Hegde, Scientist EICMR National Institute of Traditional Medicine, Belagavi.

Date: 19/10/2023

Time: 10.00am to 4.00pm

Mode of conduct: Offline

Number of student participants: 230

Number of faculty members: 25

Brief Description of the event: This program as a part of IIC calendar activity was conducted on 19/10/2023 in the college auditorium in the morning and in the College Garden in the Afternoon. The program began with Introduction of the day, seminar. Brief introduction of the chief guest speaker was given by IIC President Dr Manjunath Gavimath. The seminar began with Dr Harsha Hegde defining the problem-solving process & its importance in Identification of

Medicinal plants of Ayurveda and innovation areas that can be done. Techniques for generating innovative ideas. Innovation methodology, framework & important skills and tools, are various points where he focused on.

In the Afternoon Dr Harsha Hegde helped the students in various ways a plant can be identified in the Herbal Garden of the College. The program concluded by IIC Convener. The function was attended by the IIC President Dr. Manjunath Gavimath, IIC Convener Dr Priyadarshini Magadam, IIC members, teachers and all students at the College.

Key outcome:

Students got an opportunity to identify the medicinal plants in a better way and solve the various difficulties they faced for identification.
